I'm stopping as a company

Have you decided to stop the activities of your company? Whether this occurs further to the death of a manager, automatic dissolution or bankruptcy, the procedure involves a number of formalities.

- Deletion from the *Banque-Carrefour des Entreprises* (central business database)
- End of VAT liability
- Closure of your dossier with our social insurance fund
- If you employ staff, closure of your dossier with our social secretariat (payroll administrator)

Let UCM take care of all this for you!
